

WARREN C. LONGMIRE

Learning Experience Designer · Instructional Designer

warrenlongmire@gmail.com | github.com/wlongmire | Philadelphia, PA

SUMMARY

Learning experience designer who builds programs from learning objectives through assessment, and the platforms that deliver them. Fifteen years of software engineering and years of leading technical and creative instruction give me an unusual range: I can partner with subject matter experts, design for learners from grade 5 to working professionals, administer and extend the LMS, and write plainly enough that the design disappears. M.S. in Learning Experience Design and Educational Technology.

SKILLS

Design: ADDIE and backward design • Needs analysis • SME partnership • Measurable objectives • Assessment and rubric design • Standards alignment (Common Core) • Accessible design

Delivery: Instructor-led, virtual, asynchronous, and blended learning • Facilitator and instructor training • Job aids and documentation

Technology: Canvas LMS administration and API • Automated assessment (CodeGrade) • Generative AI in curriculum • HTML/CSS/JavaScript • Python • TouchDesigner

LEARNING DESIGN EXPERIENCE

Galvanize / Hack Reactor · Curriculum Developer, formerly Lead Instructor June 2022 – May 2024

- Promoted into a dedicated curriculum role; designed and owned a part-time TypeScript and Next.js program built around OpenAI tools, from learning objectives through assessment.
- Held a leadership role on the organization-wide AI curriculum rewrite and supervised a two-person instructional team.
- Partnered with vendor CodeGrade to build automated grading used across the program, and trained instructors to use it.

Bloom School of Technology · Lead Instructor November 2020 – January 2022

- Designed, built, and rolled out a company-wide attendance and guided-projects system in Canvas, with the documentation and training instructors needed to adopt it.
- Overhauled the Advanced React curriculum, adding automated validation of learner submissions; taught remote cohorts of 50 to 100 adults.

Nick Virgilio Haiku Association · Curriculum Developer and Consultant January 2024 – Present

- Designed a Common Core-aligned six-week poetry and mindfulness course for grades 5–8, implemented with 51 students across two New Jersey public schools.

University of Iowa · Graduate Instructor September 2024 – May 2026

- Designed and built two undergraduate courses in Canvas, including peer-feedback workshops and interactive TouchDesigner installations.

Inventxyz · Web Curriculum Developer April – December 2021

- Built a modular eight-part full stack web development track for grades 8–10, aligning each project to Common Core with classroom teachers.

School of Nursing, University of Pennsylvania · Consultant and Lecturer 2012 – 2013

- Helped develop the PTSD Toolkit for Nursing web training course, building three interactive prototypes and two mobile mockups; advised five healthcare-software teams.

University of Pennsylvania, Institute of Cognitive Research · Interaction Designer, Pennlincs 2007 – 2009

- Designed five interactive math modules with Penn and UCLA faculty and field-tested them in grade 7–8 classrooms; featured in The New York Times.

ADDITIONAL TEACHING

LaunchCode, Lead Instructor, Comcast Grow-to-Code enterprise upskilling | 2020

Dev10 (Genesis10), Lead Instructor, Java/Spring and React bootcamp | 2022

The Blue Stoop / Iowa City Poetry, Adult writing courses: new media, documentary poetics | 2022 – Present

EDUCATION

Western Governors University, M.S. Learning Experience Design and Educational Technology | 2024

University of Iowa, Iowa Writers' Workshop, M.F.A. Creative Writing | 2026

University of Pennsylvania, B.S.E. Digital Media Design, Minor in Fine Arts | 2007
