

WARREN C. LONGMIRE

Lead Instructor · Technical Educator

warrenlongmire@gmail.com | github.com/wlongmire | Philadelphia, PA

SUMMARY

Lead instructor and curriculum developer who has taught software development since 2019 to adult career changers, teens, and working professionals across bootcamps, enterprise upskilling programs, and classrooms. A former senior web developer and technical lead, I teach the way good teams actually work: clear fundamentals, real projects, testing, and steady feedback.

SKILLS

Teaching: Live coding • Lecture and whiteboarding • Remote and hybrid cohorts • Code review and continuous feedback • Mentoring • Managing TAs and co-instructors • Curriculum design

Stack: JavaScript / TypeScript • React / Redux • Next.js • Node / Express • Java / Spring • Python / Django • Docker and microservices • SQL • MongoDB • Git

Practices: Agile sprints and retrospectives • Test-driven and behavior-driven development • CI/CD • Automated assessment (CodeGrade)

TEACHING EXPERIENCE

Galvanize / Hack Reactor · *Lead Instructor, then Curriculum Developer* June 2022 – May 2024

- Taught remote and hybrid courses for adult learners in React, Django, and microservice architecture, including Docker and queue, polling, and pub-sub patterns.
- Promoted to curriculum developer; owned a part-time TypeScript and Next.js program built around OpenAI tools, and led part of the AI curriculum rewrite.
- Supervised a two-person instructional team; partnered with CodeGrade to automate grading across the program.

Dev10 (Genesis10) · *Lead Instructor* January – July 2022

- Taught remote cohorts of 20 to 30 adults in a five-month Java/Spring and React bootcamp, preparing trainees for direct placement on client engagements.

Bloom School of Technology · *Lead Instructor* November 2020 – January 2022

- Led remote cohorts of 50 to 100 adults in full stack web development: React, Node.js, and MongoDB.
- Overhauled the Advanced React module with automated test validation; built a company-wide guided-projects system in Canvas.

Inventxyz · *Web Curriculum Developer* April – December 2021

- Built an eight-part full stack web development track for grades 8–10.

LaunchCode · *Lead Instructor, Comcast Grow-to-Code* March – June 2020

- Built Java and Spring curriculum and led 15 Comcast employees through an enterprise reskilling program, running team projects in agile sprints with retrospectives.

Allstar Code · *Lead Instructor* July – September 2019

- Led web development and game design for 20 high school students and managed a team of teaching assistants.

Moore College of Art and Design / People's Emergency Center, JavaScript and Scratch game design for teens 2013 – 2014

University of Iowa, Graduate Instructor, Creative Writing and Rhetoric 2024 – 2026

ENGINEERING BACKGROUND

Senior Web Developer at Vertex Inc (React/Redux, TDD/BDD); Technical Lead at Argo Digital (four-person agile team, CI/CD on AWS); web developer at Little Bird Games (LMS serving 400 students); Lead Software Developer at CHOP's Center for Autism Research; Electronic Arts; Microsoft.

EDUCATION

University of Pennsylvania, B.S.E. Digital Media Design, Minor in Fine Arts | 2007

Western Governors University, M.S. Learning Experience Design and Educational Technology | 2024

University of Iowa, Iowa Writers' Workshop, M.F.A. Creative Writing | 2026
